

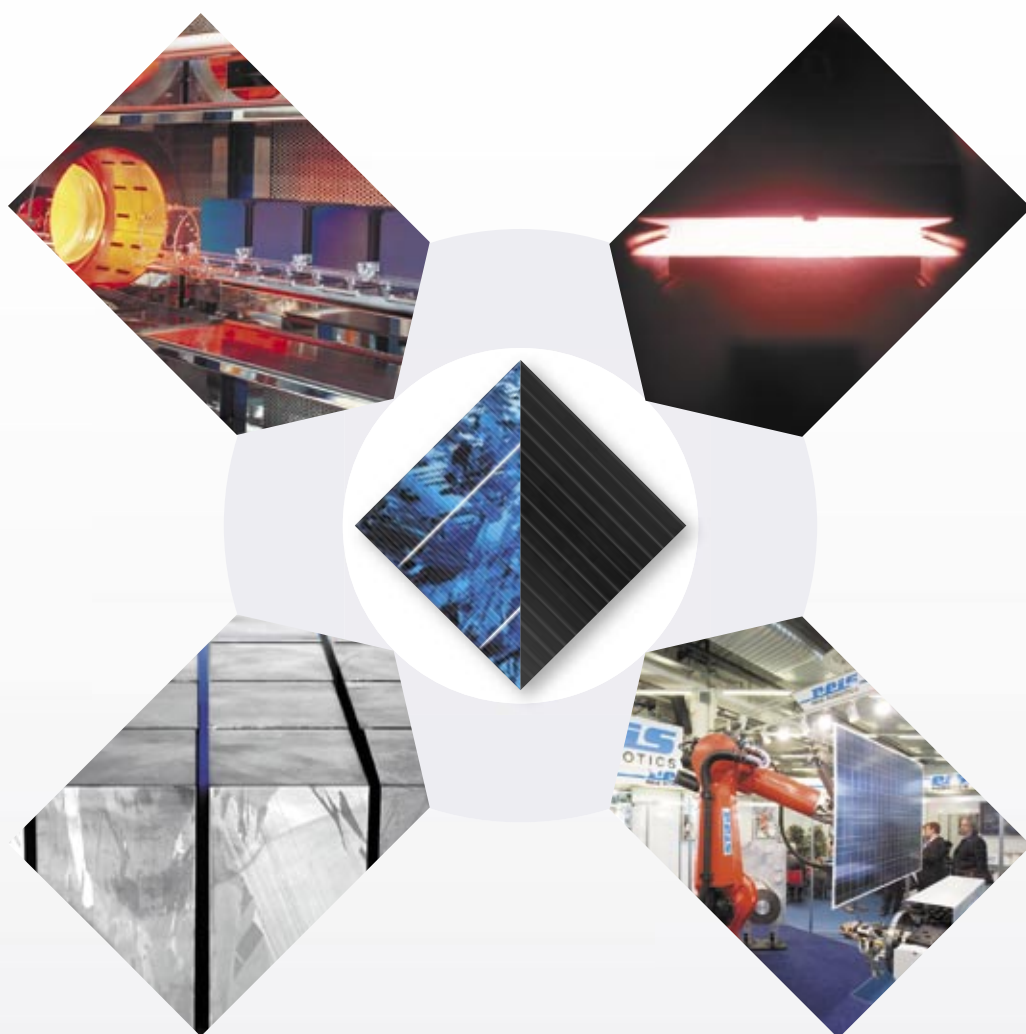

Photovoltaic Technology Show 2008

January 16 – 18, 2008, SZCEC, Shenzhen **Asia**

**The Meeting Point of
the Photovoltaic Industry**

Photovoltaic Technology Show 2008 Asia

January 16 – 18, 2008, SZCEC, Shenzhen

Do you produce manufacturing equipment for making solar silicon, ingots, wafers, cells, or solar modules, or the necessary materials for their production? Do you plan and build factories for the PV sector? Are you involved in consulting? Do you invest in PV technology?

If so, come meet your customers in 2008 at the Asian Photovoltaic Technology Show! With a 20,000 m² floor space and several thousand industry experts expected to be in attendance, it is the ideal setting for members of the PV branch worldwide to come together.

The publishing company Solar Verlag GmbH – the experts behind the magazines PHOTON and PHOTON International, the leading sources of information in the PV sector – is organizing the event, developing the concept, and taking responsibility for the content. Their involvement is evident in just a glance at the top-notch accompanying conference program.

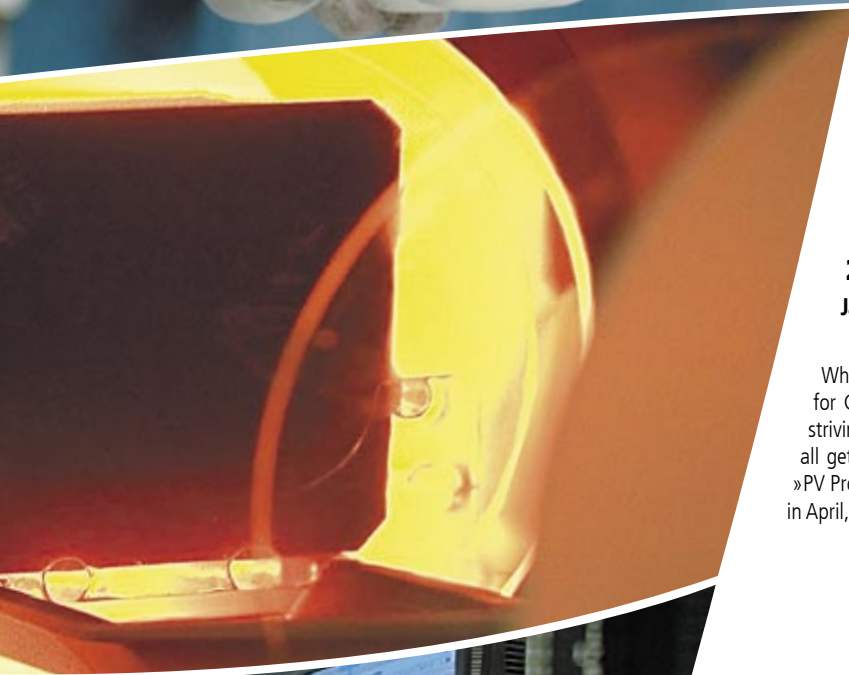

5th Solar Silicon Conference

January 15, 2008, Shenzhen

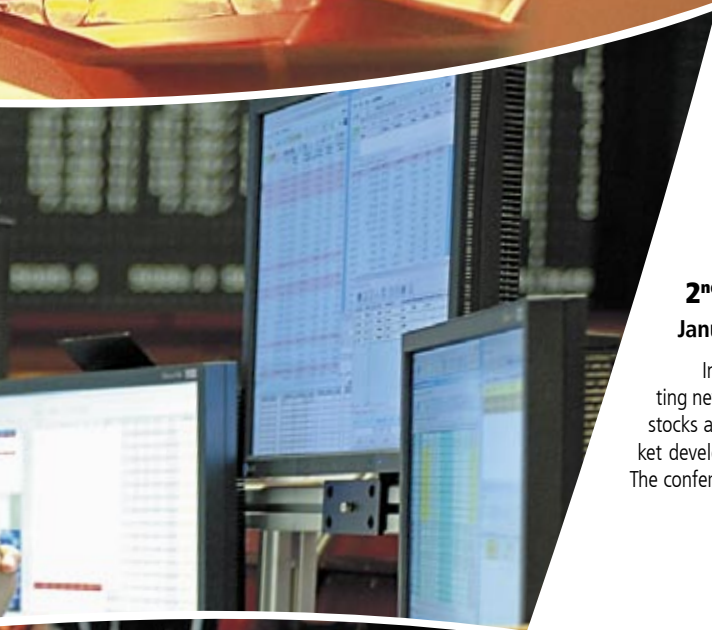

The 900 participants at the 4th Solar Silicon Conference learned of expansion plans at a heretofore unseen scale: Adding together the announcements made in Munich in 2007, there will be an additional 100,000 tons available in the coming years. The amount of silicon production will therefore rise rapidly. But what will its quality be? And who will have access to it? In our Asian silicon conference, we will introduce the Chinese and Eastern European projects. The focus in Munich 2008 will be on the market leaders' expansion plans.

2nd PV Production Equipment Conference

January 16, 2008, Shenzhen

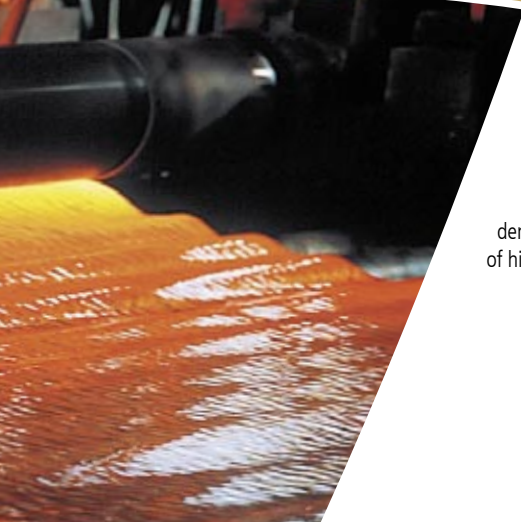

The photovoltaic industry's expansion continues unabatedly. While the large solar manufacturers are expanding their factories for GW-production, a growing number of investors in the sector are striving to set up their own factories for wafers, cells and modules. They all get information on the latest state of production technology at the »PV Production Equipment Conference,« which was held for the first time in April, in Munich. The event was sold out with 900 participants.

2nd PV Investors Conference

January 17, 2008, Shenzhen

Investment opportunities in the photovoltaic sector are manifold – ranging from starting new firms, to mergers and acquisitions, to solar power plants and classic investments in stocks and funds. At our »PV Investors Conferences,« experts impart their forecasts for market development, discuss the state of various technologies, and present investment models. The conference also includes presentations by publicly traded solar energy companies.

1st PV Glass Conference

January 18, 2008, Shenzhen

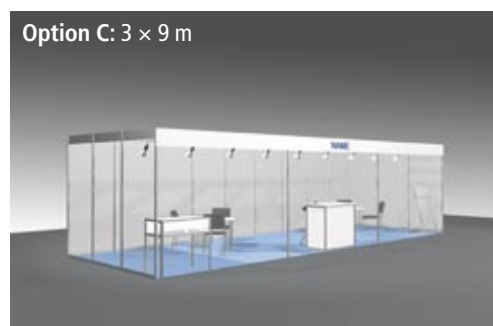

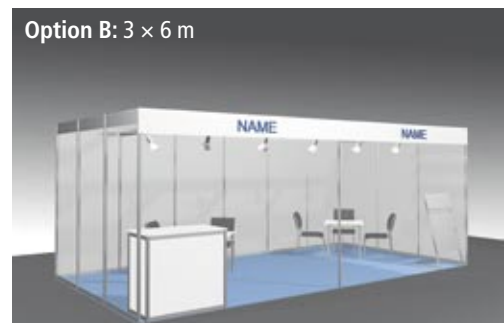

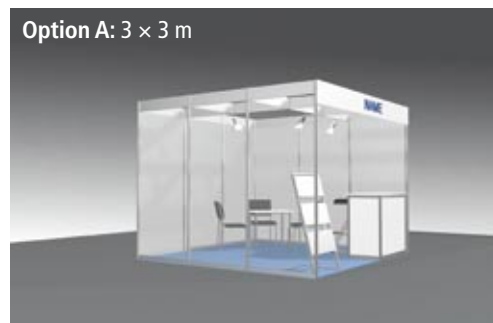

Makers of solar modules are already using massive quantities of white glass for their products. And demand is increasing rapidly. At the »PV Glass Conference,« we'll discuss how the solar industry's procurement of high-quality glass can be secured for the long term.

STANDARD BOOTHS

for the Photovoltaic Technology Show 2008 Asia

All standard configuration booths are kitted out with blue carpet, white wall elements, lighting, a 230 V 1 kW electricity connection (for coffee machines, laptops, beamers etc). They are all row booths and include a placard on the open side and the fascia board has the company name printed on it. (All prices are listed before taxes and not including cost of raw space.)

Option A: 3 × 3 m, 1 table, 3 chairs, 1 small counter, 1 bar stool, 1 pamphlet display stand	€ 900 + raw space
Option B: 3 × 6 m, 2 tables, 6 chairs, 1 small counter, 1 bar stool, 1 pamphlet display stand	€1,800 + raw space
Option C: 3 × 9 m, 2 tables, 6 chairs, 1 small counter, 1 bar stool, 1 pamphlet display stand, 1 glass display cabinet	€2,700 + raw space
Option D: 4 × 4 m, 1 table, 3 chairs, 1 small counter, 1 bar stool, 1 pamphlet display stand	€1,600 + raw space
Option E: 4 × 8 m, 2 tables, 6 chairs, 1 small counter, 1 bar stool, 1 pamphlet display stand, 1 glass display cabinet	€3,200 + raw space

SPONSORSHIP OPPORTUNITIES

The 5th Solar Silicon Conference (January 15, 2008)

The 2nd PV Production Equipment Conference (January 16, 2008)

The 2nd PV Investors Conference (January 17, 2008)

The 1st PV Glass Conference (January 18, 2008)

Sponsors will receive:

- Company logo on the conference's advertising page in the December and January issues of »PHOTON International«, »PHOTON – das Solarstrom-Magazin« (German) and »PHOTON – La Revista de Fotovoltaica« (Spanish)
- Logo (with hyperlink) listing your company as our official sponsor at: www.photon-expo.com
- Logo on Note Blocks, and all other documentation pertaining to the conference, which will be distributed to all attendees
- Logo on all signage located throughout the venue relating to the conference (e.g. registration/information stand, direction signs between the conference hall, exhibition halls and dinner reception area, etc.)
- Logo on posters located on both the right and left sides of the conference screen
- Logo will appear on the conference screen beamer between all breaks
- Official mentioning of your company's sponsorship at the Opening and Closing Speech

The 5th Solar Silicon Conference (January 15, 2008)

- Gold €15,000
- Silver €12,000
- Bronze €10,000

The 2nd PV Production Equipment Conference (January 16, 2008)

- Gold €15,000
- Silver €12,000
- Bronze €10,000

The 2nd PV Investors Conference (January 17, 2008)

- Gold €15,000
- Silver €12,000
- Bronze €10,000

The 1st PV Glass Conference (January 18, 2008)

- Gold €11,000
- Silver €9,000
- Bronze €7,000

Photovoltaic Technology Show 2008 Asia (January 16 – 18, 2008)

Sponsors will additionally receive:

- Company Logo with sponsorship mention on all signage pertaining to the exhibition (inside and outside) such as:
 - Main billboard near the venue
 - Main banner facade on outside of venue and / or banner over the main entrance of the venue
 - Main billboard inside main entrance
- Logo and official sponsorship mention on the exhibition's show guide
- Logo on all signage located throughout the venue relating to the exhibition (e.g. registration/information stand, direction signs between the exhibition halls and dinner reception area, etc.)

Prizes:

- Gold €30,000
- Silver €24,000
- Bronze €20,000

TOTAL SHOW (Exhibition and all conferences)

Sponsors will additionally receive:

- Company Logo with sponsorship mention on all signage pertaining to the exhibition (inside and outside) such as:
- Logo and official sponsorship mention on the exhibition's show guide
- Logo on all signage located throughout the venue relating to the exhibition (e.g. registration/information stand, direction signs between the exhibition halls, conference locations and dinner reception area, etc.)
- Logo on posters located on both the right and left sides of the conference screen
- Logo will appear on the conference screen beamer between all breaks
- Official mentioning of your company's TOTAL SHOW sponsorship at:
Any and all speeches presented during the 3 day event:

Prizes:

- Gold €60,000
- Silver €48,000
- Bronze €40,000

SHENZHEN CONVENTION & EXHIBITION CENTER – A Good Choice for Exhibitions

Shenzhen Convention & Exhibition Center is a super large public construction with multi-functions of hosting exhibitions and conventions, business activities, restaurants, and entertainment events. It is invested by Shenzhen municipal government of, and designed by GMP, a German company.

Shenzhen Convention & Exhibition Center is located in downtown area of the city. It is the largest single building in Shenzhen, covering about 220,000 square meters, extending 540 meters from east to west, 282 meters wide from south to north. The building stands up to 60 meters, including 6 floors above the ground level and 2 floors beneath it. The total construction area tops 280,000 square meters.

Shenzhen Convention & Exhibition Center has very powerful and advanced function in terms of hosting exhibitions and conventions. There are nine exhibition halls on the first floor, which total 105,000 square meters, adequate for a large exhibition of 5,000 international-standard booths. The largest hall is around 30,000 square meters. The Convention center is designed brightly to »float« in the air, covering over 22,000 square meters. It has 25 meeting rooms of different shapes and sizes, and a function hall to accommodate about 3,000 people. The Convention system there is rarely seen elsewhere in China.

Shenzhen Convention & Exhibition Center owns advanced facilities, complete supporting systems, and convenient transportation. The geographic advantages of Shenzhen city and our modern management concepts will definitely give your business activities better support in every possible dimension. Doubtlessly, it is an ideal choice for exhibitions, conferences, celebrations, ceremonies, and all kinds of shows.

Landmark of CBD

Shenzhen Convention & Exhibition Center is at the south end of the middle axis of the city's downtown area. It is the landmark in CBD, just remotely symmetric with CAD, merely 1,000 meters away to the City Hall – the Citizen Center.

Convenient Transport

Shenzhen Convention & Exhibition Center is on northern side of Binhe Express Way, which links to freeways and important ports. It is only 15 minutes' drive from Shenzhen Railway Station, and 30 minute from the airport. Subway Line 1 and Line 4 is interchangeable at the Shenzhen Convention & Exhibition Center station, which is only 150 meters away through an underground passage. Subway takes you to Huanggang Port in 2 stops. In addition, it is also the stop of a dozen bus lines.

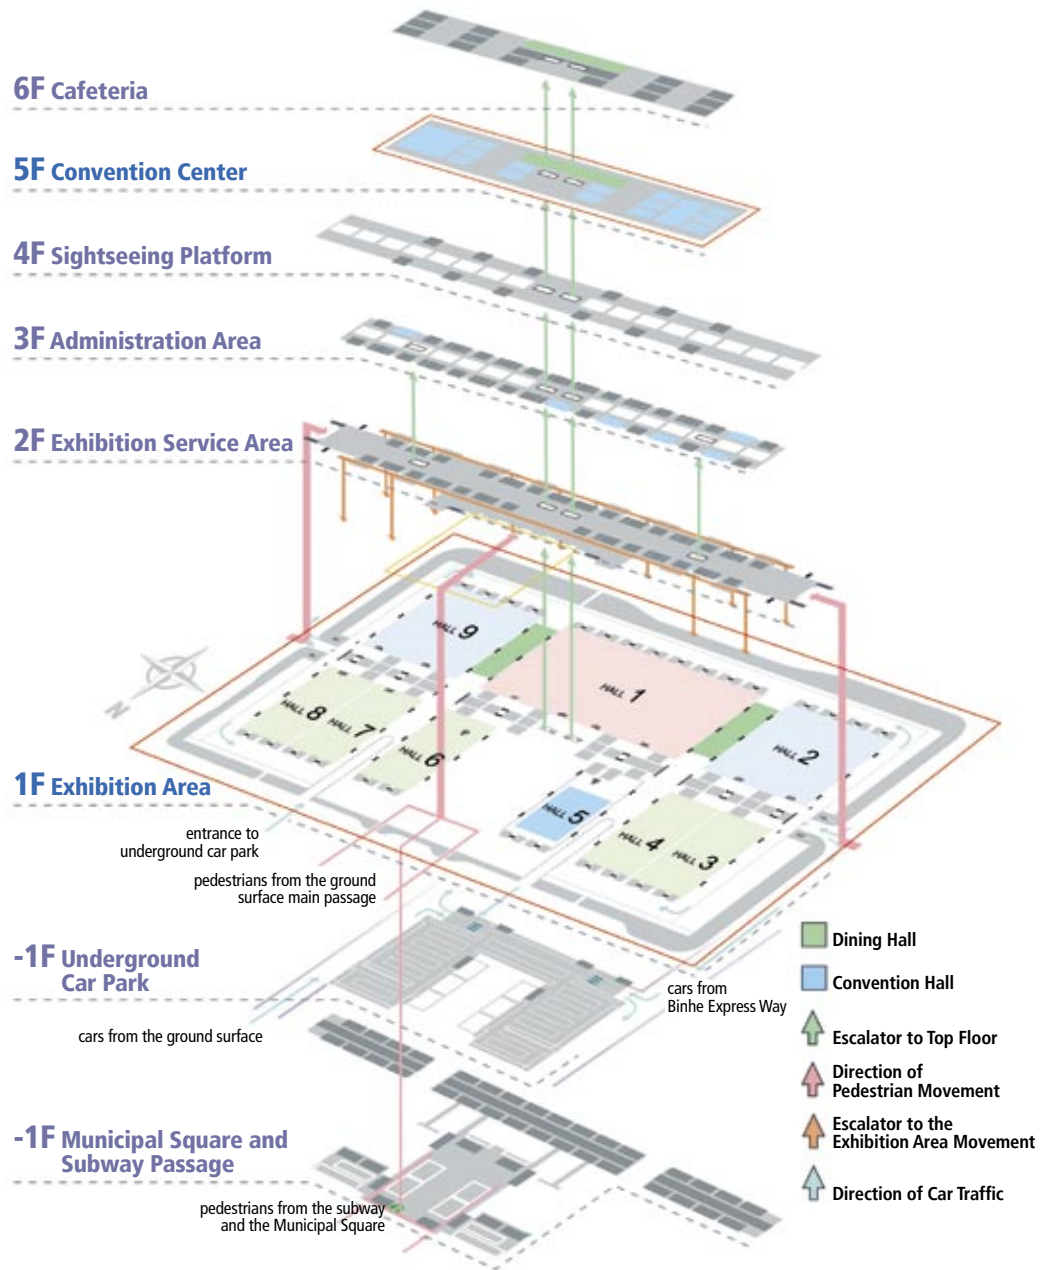

Perfect supporting facilities

You may find many hotels with star treatment 5 to 20 minutes' walk away from the Center, which includes Wuzhou Guest House, Grand View Hotel, Investment Plaza, and Qinian Hotel, Shangrila, Sheraton, etc. that are still under construction. In its neighborhood, you can find parks, and Huaqiang North Commercial Ring where leisure, shopping food services are available.

MAP OF THE AREA

A Bird View of Shenzhen Convention & Exhibition Center

Perfect supporting facilities

- Food and drinks: There is a catering area at the exhibition site, and cafeteria accommodating 700 and 2100 diners, respectively, at located on the 5th and 6th floors, spacious enough for 5,000 people diners at the same time.
- Sightseeing Platform: People may take a brief rest and enjoy the views.
- Administration area: offices and small meeting rooms
- Exhibition service area: customer service center, business center, information desk, ticket booth, and supermarket. One-stop service is provided, including customs clearing, commodity inspection, transportation, taxation, banking, printing, post, communication, travel ticketing, etc.
- Car park: 2,000 cars can be parked here. When major exhibitions are on, 3,000 more parking lots may be provided in areas surrounding the center.
- Subway passage: Subway line 1 and line 4 are interchangeable at the center.
- Venue for gathering: The Center's northern square and the lobby of the convention center fit to hold large ceremonial activities.

Photovoltaic Technology Show 2008 January 16 – 18, 2008, SZCEC, Shenzhen Asia

Registration form

- I would like to sign up for the Photovoltaic Technology Show 2008 Asia**
and purchase one ticket for €24.
- We would like to exhibit at the fair from January 16 – 18, 2008.**
Please send us a quote for a m² booth.
Booths can be obtained for €260 per m² (plus costs for package booth if requested).
Spaces used to display machines will receive a 50 percent discount.
Spaces used for displaying machinery are not eligible for the early-bird discount.
- I would like to sign up for the 5th Solar Silicon Conference.**
Tickets cost €640 (€540 for PHOTON International subscribers).
 - I would like to sign up for the evening reception.**
The dinner costs €68 per person.
- I would like to sign up for the 2nd PV Production Equipment Conference.**
Tickets cost €280 (€230 for PHOTON International subscribers).
- I would like to sign up for the 2nd PV Investors Conference.**
Tickets cost €480 (€430 for PHOTON International subscribers).
- I would like to sign up for the 1st PV Glass Conference.**
Tickets cost €260 (€210 for PHOTON International subscribers).

The total price to attend all four conferences is only €1,500 instead of €1,660 (excl. conference dinner).
(€1,300 for PHOTON International subscribers).

Conference participants can visit the exhibition free of charge.
All conference prices are listed before taxes.
