**Forwarding Agent's Charges
for Fairs and Exhibitions
in Munich**

Valid from 1st January 2008

SCHENKER

General

1. The forwarding agent contracted for fairs and exhibitions is under obligation to the fair organisers to provide sufficient numbers of cranes, low loaders, fork-lift trucks etc. to ensure that no delays occur during assembly and dismantling operations.

For reasons of safety and liability, it is necessary that lifting equipment such as cranes, fork-lift trucks etc. be ordered exclusively from the official fairs and exhibitions forwarding agent.

2. The charges for fairs and exhibitions apply to all services performed by the forwarding agent in connection with the transport of goods to and from fairs and exhibitions for exhibitors.

The forwarding agent's charges are subject to current, valid conditions, wages and tariffs are based on a five-day week (Monday – Friday). The standard tariff rates are calculated on a net basis. Value added tax is added separately to forwarding invoices in accordance with the statutory provisions.

3. The liability of the forwarding agent's ends upon unloading of goods at the exhibitor's stand, even if the exhibitor or his representative is not yet in attendance. Delivery is made from the first official assembly day at the designated exhibition stands.

In case of return transportation, liability on the part of the forwarding agent does not take effect prior to collection from the stand, even if the transport documents are previously deposited at the office of the fair and exhibition forwarding agent.

4. Collection and storage of empty packaging during the exhibition shall be subject to a separate agreement. If empty packaging is still on the stand immediately prior to the opening of an event, this can be removed by the fair forwarding agent by virtue of instructions issued by the Messe München GmbH at exhibitor's costs, even in absence of an order from the exhibitor. For organisational reasons, empty packaging is returned as soon as practicable following the close of the exhibition.

Packaging with contents (full packaging) must be declared separately upon placing an order. Special application must be made for the insurance of empty or full packaging during storage.

5. Complaints must be submitted in writing at the office of the fair and exhibition forwarding agent immediately following receipt of the goods, verbal notification is not adequate.
6. All business is undertaken subject to the latest edition of the "Allgemeine Deutsche Spediteurbedingungen (ADSp), the German Forwarders' Standard Terms and Conditions. Transport and forwarding insurance is taken out from Zurich Agrippina Versicherungs AG.

Place of jurisdiction for both parties is Munich.
